

Tuesday 2 February 2021

Dear Parents,

I hope that you and your family are safe and well and managing during the extended lockdown. All at Haverstock would like to express our deep gratitude for the way that you have supported your children's education during this period of school closure. The vast majority of students are attending all of their lessons and are completing their work and this wouldn't have been possible with the support of you in creating the conditions for this to happen. We appreciate that it is a huge undertaking for parents to balance other responsibilities and commitments during this time and the job you have done has been remarkable. Remote learning will never replace school but maintaining these high standards is essential to ensure that students do not fall further behind as a result of this miserable period in which they cannot attend school.

We would very much like your feedback on what is working well and how we can improve the offer for your child. You can do so by [completing this survey](#) by Noon on Monday 8th February.

Reset Day

Now that we are five weeks into 'live' teaching, we are pleased to announce that **this Friday**, Friday 5th February is a 'Reset Day' for all students. On this day, there will be a break from live learning with students given the opportunity to ensure that all of their work has been both completed to a high standard and submitted.

On Thursday afternoon, you will receive a summary of the work submitted by your child which will enable you to support them to ensure they are making the most of this opportunity. Your child will also receive this summary via their Google account. Members of staff will be on hand during the day should you have any questions.

Laptops

We have now supplied close to 400 laptops to our students and believe that all students now have sole access to an appropriate device for them to work from home. We still have some devices remaining, however, and these can be requested by completing this [form](#).

Free School Meals during half-term

The London Borough of Camden will be distributing winter food vouchers to the families of all pupils eligible for Free School Meals for February half term. To make this process more efficient they will be sending the vouchers by post to parents directly; rather than asking Schools to manage the distribution as was done in for the previous distribution before Christmas.

As always, please get in touch via office@haverstock.camden.sch.uk if you have any questions. We also have a range of information and advice on the '[Spring Term Closure](#)' page of our website.

Yours faithfully

James Hadley
